

PERUMIN 37 Mining Convention
Arequipa, September 22 – 26, 2025
TECHNOLOGY, INNOVATION AND SUSTAINABILITY FORUM
RULES FOR THE SUBMISSION OF COMPLETE TECHNICAL PAPERS

The authors of the shortlisted papers must upload their complete work through the event's website in the TIS Forum program section: [NATIONAL MINING AWARD](#) until Friday, July 18, 2025.

Specifications:

1. File size: maximum 2MB.
2. Length of the work: 10 to 20 pages maximum.
3. Program: MS Word (text, graphics, tables in Word and videos of no more than five minutes as linked links), no PPT/PDF files will be received.
4. Language: Spanish or English.
5. Format: A-4 size, Arial 11 font, single spaced, justified alignment, two columns (download the format from the web).
6. The members of the submitted abstract will be kept: one author and a maximum of two co-authors. Please inform if any of them must be replaced due to work changes.
7. If the work presented has been developed within the framework of a company, institution or university, it must have the approval of the same (fill in the appendix of the format).
8. Participants are reminded that topics should NOT contain commercial information or logos of the company, institution or event.

Content:

1. First page: title of the paper, category, subject, author and co-author(s)* data, company, position, address, city, country, e-mail and cell phone number.
2. Sections (suggested): abstract, introduction, objectives, development and collection of data, presentation and discussion of results, conclusions, bibliographical references, illustrations, images or tables, videos, brief professional reviews of the author and co-authors indicating the academic degree.

Selection process: The completed papers will be evaluated by the Committee of the Forum of Technology, Innovation and Sustainability, at the end of the evaluation you will receive the result by mail, you will be told whether the presentation of the work will be oral in the room or interactive through digital totem, in both cases continue in the competition and will take a workshop on "Effective Presentations".
